

THE DREAM DIMENSIONS

A METAPHYSICAL MYSTERY OF MAGICK
BY MEGAN MARY

During a magickal ritual, Hannah Skye receives a prophetic message. She then encounters a series of seven riddles which lead her to discover that there is more to her ancestry than she thought.

But someone has been following her, lurking in the shadows. As Hannah begins to unravel the mystery behind what really happened to her parents, she faces a force greater than anything she's ever imagined, that is bent on destruction.

If she doesn't solve the riddle by Halloween night, her legacy will remain locked forever, and someone else may die, maybe even her.

A tale of ancestral healing, this fall-themed final installation of the Witches of Maple Hollow Trilogy blends time travel, astronomy, alchemy and dreams to illuminate the dimensions beyond time and space.
